## **PRESIDENT'S PEN**

I am pleased to report this morning that the course has come through Cyclone Gabrielle pretty well with minimal damage. The green light has all ready been given for play from this morning, caution is advised for those using golf carts around slopes and to please stay off tee's and fringes. ## **FARMERS CUP UPDATE**

January's Farmers Cup was played in better conditions than the weather report had predicted. Lower number's turned out due to the forecast and one poor bugger getting married. 24 players ventured out looking to improve standing's on the leader board, with the best of 8 rounds over a 12-month period, some needed to get a couple of decent rounds in for their poor rounds to drop off. Darryl Hughes scoring 42 points and taking the jacket for a record number of times, moves into 5th place. Second equal on 41 points Kieran Coleman and JK, with JK moving to 2nd place and threatening Matt Kelbrick for naming rights on the jacket. Matt holding onto 1st place due to living at the golf club and having a 25 point buffer due to only missing one round and having some exceptional scores. Still a long way to go, but I wouldn't put it past JK sabotaging Matt's round somehow.

Closest to Pins:

4th Jason King

6th Matt Kelbrick

11th Mark Cleaver

16th Shaun Thompson

Two's:

Jason King, Jarad Kelbrick, Riley Murrell and Shaun Thompson

Wooden Spoon goes to Rosco Cleaver.
