### **PRESIDENT'S PEN**

It is great to see so many people taking advantage of the course and the clubhouse. Today on course we have close to 150 for an ambrose tournament which is being run by a local fitness gym for fundraising and the leader of the event is Matt Kelbrick. These events are not only good for our local profile, but they also help with much needed funds. Also, on the fundraising front we have been granted a licence to run a Calcutta for the big race at Hawera on Saturday 7<sup>th</sup> October. We will be running the ambrose tournament on the Friday before the race with the Calcutta in the clubhouse straight after, so please get in and buy a ticket or 2, and you never know, luck could be on your side. Onto golf now, good luck to all who are in with a chance to grab a trophy this Saturday, unfortunately I'm an also ran – but everyone can't be winners. Congrats to our Senior Men's pennants team who last Sunday in blustery conditions picked up 1 win and 1 loss while playing at Hawera. Jacob Gopperth played some superb golf posting 2 big wins, great stuff Jacob. I have received some complaints on course over the last few weeks about slow play, I did address this in the club rooms last Saturday but just so the message is the same to everyone, I know we all don't enjoy standing and waiting for our next shot, so please just keep an eye on the 4 in front of you and the one behind you. We allow groups of 5 when required but we do request they are positioned near the end of the field to avoid holding up play and ask that you play ready golf to allow you to hold your position in the field. Enough of that, good golfing everyone and Up The WAHS!
